City Hall Tower, 16<sup>th</sup> Floor  
One East First Street  
Reno, NV 89501

Dear Kylee,

I wanted to thank you on behalf of the Board of Directors of the Barracuda Championship for providing more than 2,700 gallons of clean GDiesel® fuel to power the generators during our 2014 inaugural tournament. I also wanted to thank you for working with the Golf Channel so that their generators could run cleanly and efficiently on your product as well.

We continuously strive to set our tournament apart from other PGA TOUR events, and the use of your State of Nevada approved clean alternative GDiesel® fuel is one of the ways that we are accomplishing this. I know that the players, staff and tournament visitors appreciate the complete absence of diesel odor and clear exhaust.

We look forward to continuing this positive community partnership well into the future.

Sincerely,

  
Chris Hoff  
Tournament Director
