Dear Mr. Gunnerman,

It is with extreme pleasure that I share a couple of comments on our experience with Advanced Refining Concepts regarding GDiesel®. Since December 2010 we have bought and sold over 1.25 million gallons and are very satisfied. Our customers are ecstatic about GDiesel®, they are reporting increased fuel economy and like that it burns cleaner. We have watched our sales increase since carrying GDiesel®. Thus, we would happily refer or recommend any and all to using GDiesel® over regular diesel.

Sincerely,

Becky Nicks
